TETRA

The Move/5000 is a game changer, opening the portable payment terminal to a new world of Business Apps.

Highest security

The Move/5000 is PCI-PTS 5.x certified. Its Telium TETRA OS uses the latest cryptographic schemes with future-proof key length.

All payment options

The Move/5000 enables NFC couponing and wallet use cases, in addition to EMV Chip & PIN, Swipe & Sign and contactless.

User-friendly and intuitive interface

Featuring powerful multimedia capabilities and a large 3.5-inch touch screen, the Move/5000 provides best-in-class user experience thanks to a rich interface enabling business Apps.

Designed for mobility

Designed for both indoor and outdoor uses, the pocket-sized Move/5000 comes with extended battery life. It is the perfect business companion for merchants.

Built-in data capture capabilities

With its camera, barcode scanner and GPS tracking, Move/5000 enables alternative payment schemes and unlimited possibilities for business Apps.

Maximized network availability

Providing full spectrum wireless connectivity (4G, 3G, GPRS, Dual SIM, Bluetooth and WiFi), the Move/5000 offers the widest touch point flexibility while optimizing communication costs.

Seamless NFC payment

The Move/5000 boosts NFC payment by offering to customers a seamless experience through a dedicated card-reader zone and faster transaction flows.

Electronic signature for payment and business apps

The Move/5000 offers signature capture capabilities for electronic payments, receipt storage and new business Apps such as contracts, warranty programs or enrollment.

An OS with secure payment and creative freedom

Backed by 30 years of experience, the Telium TETRA operating system is the perfect combination of Ingenico Group's legacy in payment expertise and openness to the web. It embeds the best security mechanisms to protect transaction privacy, while enabling the deployment of appealing HTML5 web-based rich media business apps.
